

The City of Durant encourages participation from all its citizens. If participation at any public meeting is not possible due to a disability, notification to the City Clerk at least 48 hours prior to the scheduled meeting is encouraged in order to make the necessary accommodations. The City of Durant may waive the 48-hour rule if interpreters for the deaf (signing) or translation services for limited English proficient (LEP) individuals are not the necessary accommodation.

Re: Discussion, Consideration and Possible Action to Approve a Quote from Southern Truck Sales in the Total Amount of \$129,760.45 for Two Used Transfer Trucks for the Landfill

I have attached three quotes for transfer trucks that are within budget and specifications.

Staff recommends approval of the quote from Southern Truck sales. The two trucks listed on their quote have very low mileage and low hours on the engines for the model year. These trucks will allow the landfill to keep the trash moving until the new trucks come in next year. When the new trucks are purchased, these used trucks will be reliable backup trucks. There will be two 100 gallon tanks built for the hydraulics at a cost of roughly \$1,253.00 each. The lead time on these tanks will be 2-4 weeks.

Council Information / Action Requested

Approve Quote from Southern Truck Sales in the Total Amount of \$129,760.45 for Two Used Transfer Trucks for the Landfill

City Staff Information / Action Follow-up, if Council authorizes this action:

Good Afternoon Philip,

We're doing our best to get our hands on this one. If we can secure this purchase, it looks like it will go for about \$115,000.00. Let me know what you think.

Best Regards,

Mike Sartin

- You will need a copy of your IronPlanet Item Release to pick the item up. You must call at least 24 hours in advance to schedule pickup

Note: This condition inspection report is the result of an impartial, systematic, documented process focused on the establishment of the general, overall mechanical condition of a piece of equipment, or of a vehicle, at a specific time. The purpose of the inspection is to establish the "as is" operational capability of the machine. It is not a performance or load test on the item.

Inspection Ratings Key	
★★★★	Limited use or recently replaced. Free of visible wear or defects.
★★★	Performs within the tolerances expected for age and type of item
★★☆	Although performing, shows indication of needing repair or replacement
★☆☆	Needs immediate repair/replacement. Requires work if it is to perform as expected
